In our classes this week…..

Nursery

This week nursery has continued our space theme looking at the job of an astronaut. The children have drawn and talked about the things they would take to the moon with them if they were astronauts!
We have experimented with space explosions in the water, lots of children have created their own rockets which are hanging in our classroom too!

In literacy we have looked at local maps and the children have drawn their own maps of their journey to school.

Class 1

This week the children have enjoyed using materials outside to create stone age inspired artwork. Reception children have been thinking about the ambulance service and learning the special number that we use if there is an emergency. We have also been finding out about how babies are welcomed in different religious celebrations around the world.

Our PE will move back to Monday as usual next week.

Class 2

In our art lesson this week, we have been looking at the different techniques to use when sculpting clay, ready to make a bigger sculpture next week.

We really enjoyed taking part in our dodgeball festival on Monday, showing great attitudes throughout.

The children showed excellent knowledge when explaining why the Gunpowder Plot failed in 1605.

Class 3

This week we participated in the dodgeball festival and it was a great success.

The children are making great progress in their swimming lessons and have been enjoying Charanga music lesson.

General

This week in assembly we have talked about keeping safe online. We discussed the question 'How much control do influencers have over our choices?' We linked this to the British Value of mutual respect and tolerance...we should all consider how our behaviour, actions and words can affect others.
