School Newsletter: Friday 23rd Jun 2023

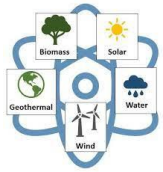
In our classes this week…..

Nursery

This week the children have created their own pirate ships and we checked to see if they would float or sink, in the pirate water fall the children made outside! We discussed what materials we needed for our Pirate Ships and how this would affect them sinking or floating!
We made our own pirate flags, we played in the shaving foam, which was the sea in our tuff tray, gloop in the water tray and squirty bottles with paint in outside to create big movements outside!

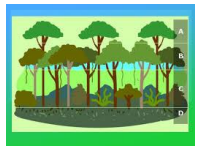
Class 1

This week in science we have been learning about renewable and non-renewable energy sources. The children needed to think about what we could do to save energy at home.
Reception has enjoyed sharing our focus story The Joker who Lost his Jingle and finding out about what happened in castles in the past.
In our DT session we have been evaluating materials that could be used to make a packed lunch box.



Class 2

Class 2 have had a great week. We started off the week learning all about the different layers of the rainforest and some of the animals that live in each layer. In science we have been learning all about circuit diagrams. To finish off the week we practiced our batting skills ready for our rounders game.



Class 3

This week, the children have enjoyed our P.E. lesson, we are very impressed with their hand-eye coordination.

We have also been busy practising for our music concert and the children have been enjoying playing the music they hear.

Please remember that the children need to wear tailored skirts or shorts unless it is a P.E. lesson. Thank you.

Note:

To help with the 'Leavers Fayre' on the 30th June we are requesting voluntary donations of Bric-a-brac, please hand any donations into the school office. Thank you as always for your support!

Week commencing 26th June

Wednesday AM – Nursery + KS1 – Sports Workshop*
Wednesday PM – KS2 – Ultimate Frisbee*
Wednesday – KS2 – Multi-Sports After School Club*
Friday PM – Leavers Fayre

*Please wear PE Kit

General

This week we have looked at how within the next ten years, people may be able to travel between London and Sydney in just two hours by travelling through space on a sub-orbital flight. We discussed the question: How has travel changed our lives? Our assembly linked to the British Values of Mutual respect and Tolerance along with Article 10.
