

Week Commencing Monday 27<sup>th</sup> April

**Nursery**

<p><b>Communication, language and literacy</b>          Our book of the week is 'The crunching munching caterpillar'. You can get this story on YouTube.          Can you tell me which insects/animals caterpillar bumped into? If you had wings where would you fly to and why?</p>	
<p><b>Physical Development</b>          Joe Wick's YouTube channel is a great exercise channel which is on every morning.          Can you move like a caterpillar? Can you fly like a butterfly?          Use the link below to try Zumba activities this week.  <a href="https://family.gonoodle.com/channels/zumba-kids">https://family.gonoodle.com/channels/zumba-kids</a>          You tube: Cosmic Kids Yoga</p>	<p><b>Expressive arts and design</b>          If you have an old egg box can you make a caterpillar? Be as creative as you like. Take a photograph and share it on tapestry.</p> 
<p><b>Knowledge and understanding of the world</b>          When in the garden or on a walk have a caterpillar hunt, see if you can find any. What did it look like? Did you hold it? What did it feel like?</p>	<p><b>Music</b>          Whilst outdoors have a listen to the world. What can you hear? Bird singing, cars going by, children shouting?          See if you can find any items which will make music – eg twigs rubbed together, your own footsteps – walking on dry leaves.</p>
<p><b>Maths</b>          Chose a number (7) and match the same number of items to the number. Write a big number 7 in the middle of a sheet of paper and place everyday items around it. Counting to 7 each time. (use pasta, crayons, lego etc)</p>	
<p><b>Remember: Keep checking the school Facebook page for daily Lego challenges</b></p>	
<p><b>Remember: the Rights respecting articles and school assemblies are also on the school website if you would like to discuss them at an appropriate level</b></p>
