

Curriculum Plan 2019 / 2020

**Year 3 /4  
Geography:  
Summer 2020**

**Geography: What issues does the environment face and how can we help?**

**Key vocabulary**

Environment  
Pollution  
Recycling  
Deforestation  
Climate  
Conservation  
Renewable  
Biodegradable  
Eco-friendly  
Production

What does it mean to care for the environment?

<https://www.theschoolrun.com/homework-help/caring-environment>

<https://www.youtube.com/watch?v=V0IQ3ljjl40>

What is climate change?

<https://www.3dgeography.co.uk/climate-change>

What are the effects of climate change?

<https://www.3dgeography.co.uk/effects-of-climate-change>

What issues does the environment face?

<https://www.3dgeography.co.uk/environmental-issues>

<https://www.bbc.co.uk/bitesize/topics/zp22pv4/articles/z2md82p>

What is deforestation?

<https://www.3dgeography.co.uk/deforestation>

Where does deforestation happen? Can you locate these places on a map?

Can you take part in some of these activities about your local environment?

<https://www.highspeedtraining.co.uk/hub/environmental-awareness-for-kids/>

How has the environment been impacted by humans in lockdown?

What do you know about plastic pollution?
