

Week Commencing Monday 15th June Nursery

### **Communication, language and literacy**

Our book of the week is 'The Rainbow Fish'. If you don't have the book at home, then you can use YouTube to access the story. Can you describe what the rainbow fish looks like? How many different colours does he have on his scales?

### **Physical Development**

Practice your circles by drawing bubbles. Use chalks for big circles outside on the ground or on the wall and pencils on paper for small bubbles.

### **Fine/Gross Motor skills**

'Dough Disco' on Youtube. Chose a song and use your playdough to create shapes to the music. Use your fine motor skills to pat, stretch and squeeze the playdough.

### **Knowledge and understanding of the world**

Look at pictures of fish and describe where they live, look at different colours and shapes. Talk about where they would hide or what they would eat.

### **Maths**

Use water play to do some floating and sinking. What items can you find what you could use to see if they float or sink?

### **Expressive arts and design**

Create a rainbow fish collage. What materials could you use to make his shiny scales? How many different colours will you use?

### **Music**

Choose your favourite songs and rhymes to move and dance to. Use musical instruments to create different sounds whilst you sing.
