Science

Our key question for this half term is ***What do I need to stay healthy?***

This week I would like children to think about the importance of exercise.

Key questions to discuss:

- What does the word **exercise** mean?
- Which physical activity is your favourite? Explain why.
- How do you feel when you exercise?
- How do you feel after you have exercised?

Can you create a physical game that you can play at home to help you to get lots of exercise?

Remember

- Our history learning project is still on the school website
- Our new geography topic Around the World has also been added to the website.
- You have key words to practise reading and spelling
- You have a list of online learning sites you can use
