Science

This half term we would have moved onto looking at **light**.

Watch this clip about reflection

<https://www.bbc.co.uk/bitesize/topics/zbsgk7/articles/zqdx82>

How does a mirror work? What do reflections look like?

How would you describe the properties of a mirror?

Use a light on a mirror to see if you can get the light to reflect onto different objects.

Write a message and look at it in the mirror, can you copy the reflected version down?

Remember

- The history learning project is on the website
- There is a new geography project for this half term
- You have key words to practise reading and spelling – you can make your own doodle spellings
- You have a list of online learning sites you can use
- Children were given their own login to use Education City
- You have Times Tables Rock Stars logins and there are certificates up for grabs!
