Science

Our key question for this half term is ***What do I need to stay healthy?***

This week I would like children to describe the importance for humans of hygiene, by learning about good hygiene habits.

Key questions to discuss:

How can I keep myself clean?

What does it mean to have good hygiene?

Design a Handwash Bottle

I can give at least reason why humans should keep themselves clean.

Design a fabulous handwash with a label that will encourage people to wash their hands!

Think about:

- What will it smell like?
- What will it look like?
- Make the bottle stand out, so that people want to buy it.
- Make it look fun, so that people want to use it.

Remember

-Our history learning project is still on the school website

-Our new geography topic Around the World has also been added to the website.

-You have key words to practise reading and spelling

-You have a list of online learning sites you can use
