

**In our classes this week.....**

**Nursery**

This week in Nursery we have been reading the story 'Way Down Deep, in the Deep Blue Sea'. We have enjoyed looking at lots of different sea creatures including Sharks, Swordfish and Octopuses.

We have made Octopuses out of cardboard tubes and we have also learned what it means to be a good friend in Jigsaw.

**Class 1**

We had a brilliant time learning four different dance styles with Gemma from the school sports partnership. We developed routines for a line dance, rock and roll, cheerleading and street dance, Great work everyone!

Our Skip into Summer event was a great chance for children to develop their skipping skills and we saw lots of smiling faces throughout the morning.

In science year 1 and 2 have been learning about life in the desert while reception were busy designing and making fire breathing dragons to protect our castle!

**Class 2**

In our science lesson we took apart flowers to look at the different parts inside of them.

We have been learning about the different types of castles the Normans built and their advantages and disadvantages.

We really enjoyed showing off our skipping skills in the Skip into Summer event on Thursday afternoon!

**Class 3**

We all had a fantastic time during our 'Skip into Summer' session this week.

During our English lessons, we have begun to work on our new focus text 'The Dam'. The children enjoyed exploring the illustrations and vocabulary featured within the text. They then completed some superb fact files on Kielder reservoir.

In history, the children have continued to learn about WW1 and conducted some independent research about what children's lives were like during this time.

**Reminder:**

Please remember our PE kit consists of a plain white round neck T shirt, thank you

**Steering Committee:**

This week, the children have completed questionnaires to discover how becoming a rights respecting school has impacted their school life. Article 6- Right to life.

**General:**

Our assemblies this week generated a lot of discussion when we talked about breakfast cereal and Article 6.

Governments must make sure that children survive and develop in the best possible way. Rules that encourage people to make healthy food choices is one way they can do this.
